Prof. Dr. P. Goessler
Dir. Kgl. Munzkabinett
Stuttgart (Wurttemberg)

Dear Sir:

May I respectfully ask whether you have
in your collection any coins of Metapontum? I
have been studying the coinage of this city and
have secured casts from most of the important col-
lections.

Dr. Regling has sent me casts of the Ber-
lin specimens, but because of the frequent changes
in the die combinations in this series, each cabinet,
no matter how small, offers the possibility of some
new data which may prove of great value.

May I, therefore, ask that you send me
casts of the Metapontum coins in your collection,
both silver and bronze; and I should be glad to bear
the expense of having these made, if you will kindly
send me a memorandum.

Very truly yours,

SPP/2
